Welcome to Kentucky's School Report Card.

Each year, School and District Report Cards are posted on the Kentucky Department of Education's (KDE's) website. Not to be confused with student report cards, these Report Cards provide information about each school and district, including test performance, teacher qualifications, student safety, awards, parent involvement and much more. The School and District Report Cards were established by statute, [KRS 158.6453](#), and regulation, [703 KAR 5:140](#). Additionally, the Report Cards must incorporate the requirements of the federal [No Child Left Behind \(NCLB\)](#) Act.

Please explore the links below to view or download the current school and district report cards or to understand more about Kentucky's School Report Card Project. While the KDE website is the most convenient and inexpensive way for the vast majority of Kentucky parents to receive this information, schools and districts are required upon request to print cards for parents lacking Internet access.

To access School Report Cards for years prior to 2011-2012, click [here](#).

Kentucky Performance Rating for Educational Progress (K-PREP)

K-PREP tests are blended norm-referenced and criterion-referenced measures that provide national percentiles and student performance levels of novice, apprentice, proficient and distinguished. Tests are given in grades 3-8 in reading, mathematics, science, social studies and writing. On-demand writing is also administered in grades 10 and 11. The number of students listed in the Assessment results reflects students tested at a school. This number may differ from the Accountability tab. Schools must test all students, but are only accountable for students enrolled a full academic year (100 days).
